UNIVERSITY OF INDONESIA – CEP CCIT ENGINEERING FACULTY   *Depok, ID*
Software Engineer   *Sep 2021 – Aug 2023*
Cumulative GPA: 3.58 / 4.00

SKILLS

Hard Skills:

- HTML5
- PHP
- JavaScript
- Python
- TypeScript
- React JS
- Next JS
- Vue JS
- Express JS
- PostgreSQL
- MongoDB
- MySQL
- Tailwind
- Docker
- Figma
- Git

Soft Skills:

- Teamwork
- Adaptive
- Problem Solving
- Collaboration
- Creative
- Commitment

EXPERIENCES

PT. BIRO KLASIFIKASI INDONESIA (BKI) | Internship   *Jakarta, ID*
Backend Developer   *Aug 2024 – Oct 2024*
- Developed and implemented a web-based system that automatically generates and downloads a pre-filled template file upon form submission, using React, TypeScript, and Material-UI and Express with Node.js for backend processing.
- Developed and enhanced a Troubleshooting Ticketing System by integrating efficient backend APIs built with Express and Node.js to support data reporting and tracking features.
- Collaborated with team members to ensure seamless integration and functionality in both projects, adhering to best practices for responsive and user-friendly web design.
- Optimized user experience by implementing efficient data handling and form validation, ensuring accuracy and reliability.

PT. TELEKOMUNIKASI INDONESIA (TELKOM) | Internship   *Jakarta, ID*
Web Developer   *Feb 2025 – Jul 2025*
- Developed various web and AI applications, including a customizable voice assistant using FastRTC, a text-to-image application using Python & Gradio, and contributed to projects based on React.js, Next.js, and Vue.js.
- Successfully integrated complex, real-time streaming APIs from Large Language Models (LLM) and Large Multimodal Models (LMM), managing asynchronous data chunks to ensure smooth UI updates.

- Transformed non-web-native RTSP video streams into HLS format for effective browser display.
- Containerized the application using Docker to ensure consistency across development and deployment environments.
- Actively participated in Professional development workshops on AI topics and mentoring sessions on boht soft skills and hard skills on AI streams.

ORGANIZATION

"Komunitas Android" by CCIT Engineering Faculty – University of Indonesia   *Jakarta, ID*
Media Creative   *Oct 2021 – Sep 2022*
